

Extend the lifetime of your medical displays

Barco Extended Care Program

Today's healthcare organizations can't afford to have technology platforms disrupt physician productivity. Our Extended Care program gives you the confidence that your diagnostic display systems will be readily available for physicians. Extended Care helps you mitigate the risks associated with unplanned downtime, unbudgeted costs, and outdated solutions. Get the most out of your investment while maximizing clinical efficiency with Extended Care.

Why BarcoCare maintenance and support services?

- Maximize the uptime and performance of your diagnostic displays while reducing downtime
- Maximize utilization
- Reduce costs by extending lifetime use
- Get proactive and predictive services coupled with advisory support

BARCO

Care that exceeds expectations

Your medical display systems need to be up and running at all times, their quality needs to be assured and compliance with medical standards guaranteed. With Barco Extended Care, we've got you covered.
